## Best of Visayas Itinerary Details

Our adventure begins at Fairfield by Marriott Cebu Mactan Island, where guests will arrive on October 14 or 15 to relax and recover from the journey. On October 16, the crew from Philippines Aggressor I will pick us up to board our yacht and begin an unforgettable liveaboard adventure.

Over the next 6 days of diving, we'll explore the incredible Visayas, one of the most diverse dive regions in the Philippines. The exact route is selected once guests board and depends on weather, sea conditions, and visibility to ensure the best possible diving.

Expect a wide variety of underwater environments—from vibrant soft-coral walls to black sand macro sites. Encounters may include thresher sharks, turtles, jacks, and whale sharks. Macro lovers will also enjoy searching for fascinating critters like Ghost pipefish, Waspfish, and many other unique bottom dwellers—making this itinerary rich in both big animals and rare small life.

## Moalboal Add-On: Kasai Village Dive & Spa Resort (4–5 Nights)- Pricing coming Jan 2027

Extend your Philippines adventure with a relaxing and dive-focused escape to Moalboal, one of the country's most accessible and rewarding dive destinations. Guests will spend 4–5 nights at Kasai Village Dive & Spa Resort, a boutique oceanfront resort set along the coral shoreline overlooking the Tañon Strait. Known for its peaceful atmosphere and dedicated dive facilities, the resort offers easy access to some of the best diving in the central Visayas.

Diving here is diverse and exciting—expect dramatic coral walls, vibrant reef life, sea turtles, macro critters, and the famous Moalboal sardine run, where millions of sardines form swirling bait balls just offshore. Nearby Pescador Island offers spectacular reef and wall dives with the chance to encounter reef sharks, schooling fish, and colorful coral gardens.

When you're not underwater, enjoy the relaxed pace of the resort with ocean-view dining, a seaside bar for sunset cocktails, spa treatments, and optional excursions such as canyoneering at Kawasan Falls. The property also features a dive center, house reef access, and comfortable tropical rooms designed for a peaceful post-liveaboard retreat.

This add-on is the perfect way to extend your trip after the liveaboard—more world-class diving, stunning scenery, and time to unwind in island paradise before heading home.
